ARTIST BIO

DJ BG Good started his DJ career in 2017 with the goal of pursuing his love for music and entertainment. As a young artist and approaching college grad, he positioned himself passionately to secure residencies at every top nightclub in his city of Milwaukee, WI.

So far, BG's young but flourishing career consists of 3 radio features, several celebrity support sets, a debut performance at Summerfest Musical Festival, regular performances in Milwaukee and Chicago, guest appearances in Green Bay, St. Louis, Cleveland and Cincinnati, and even an occasional set in Jamaica or Cancun.
